A DIFFERENCE.**

ABOUT US

CR is an award-winning and WBE Certified staffing company based in Rock Hill, SC servicing a national client-base with the personality of a local business and the utmost emphasis on our six core values - creating a human connection, recognizing people as individuals, serving our community, being courageous, pursuing excellence, and having fun. Our mission is to help clients realize their goals with actionable staffing plans, giving them the flexibility to adapt to changing market conditions.

With decades of combined experience in Human Relations Management, CR is an established leader in showing businesses how to strategically leverage their hiring systems to maximize ROI from their customized staffing solutions.

A staffing agency first, having strategically grown to become a single provider for all your workforce and vendor management needs, CR has extensive experience in manufacturing, distribution, and front office support with a large candidate pool and vast vendor network to shift your focus off of these logistics and back onto the core of your business.

We encourage you to view our Managed Service Provider (MSP) staffing model, the newest and most cost-effective means of streamlining all of your human resources and vendor management services in order to give local management more flexibility while significantly cutting costs throughout the whole enterprise.
